A. Report Concerning 2022 Stormwater Projects by Penmoni

Stormwater Appeals:

A total of 7 Stormwater Appeal applications were received and were reviewed. Based on our review, there were 3 applications that require reconciliation with the Montgomery County Property Records; 2 applications that indicated the billing is accurate; and 2 applications that are subject to a credit approval.

2022 Stormwater Projects:

A meeting discussion with the contractor was held on 05/18/2023 with the contractor regarding the punchlist items. There are still a few punchlist items remaining that the contractor is in the process of addressing as follows:

- complete the sealing of the trenches since the Municipality will not be paving the roadways this year.
- address the low spots, particularly at Wood & Astor due to the 0.5" to 1" elevation difference and rectify any low spots to avoid any ponding issues or tripping hazards.
- submit photos of the culvert rehab/repair.
- reseed and cover, as needed, over the course of the next couple growing seasons.

Once these items are addressed, there will be another site walk-through to confirm completion of the work.

B. In-House Update on Stormwater Operations

To Present In-House Operations to The Authority.

- VIII. Adjournment

Anyone with a disability who wishes to attend this meeting and requires an auxiliary aid, service or other accommodations to participate in the meeting, please call the office of the Municipal Administrator at 610-272-8080.
